**CORRECTION.**—Elder A. C. Newland sends us the following: If you will give a small space in your paper, I wish to correct a mistake made in the publication of Claud Newland's death, which stated that his grandpa was to preach his funeral. The full intensity of sickness is reached only by the perfectly healthy. If his body is all out of order and run down he will not be able to enjoy anything, he matters how full of enjoyment it may be for other people. If he is just a little out of order, it he "is not sick, but doesn't feel just right," he will only be able to enjoy things in a half-hearted sort of way. The nearer he is to being perfectly well, the nearer will his capacity for enjoyment be perfect. If this condition doesn't exist, something ought to be done. That means a course in the use of Dr. Pierce's Golden Medical Discovery. It works directly on the digestive organs and on the blood, and through these on every tissue of the body. It makes the digestive organs good, digestion perfect and supplies rich, red blood to all the tissues, building up solid, healthful flesh.

Send 25 cents in one-cent stamps to the World's Dispensary Association, Buffalo, N. Y., and receive Dr. Pierce's 100-page "Common Sense Medical Adviser," profusely illustrated.

That is more than anything else has ever done for me."
